

Thank you very much.

Each time we play for you, we like to feature a notable artist from yesteryear. However, since we are getting close to Easter, we're going to deviate a bit from our usual offering and instead bring you some of the greatest pop gospel hits from the past.

Our opening gospel selection was first recorded way back in 1909, but it was later recorded by literally hundreds of artists. We hope you'll enjoy this version of "Swing Low, Sweet Chariot."
