

Thank you very much.

Our next song comes from the movie "Flashdance" which opened in 1983 to mixed reviews. However, the featured song, "Flashdance...What A Feeling" as recorded by Irene Cara, topped the charts and received the Academy Award and Golden Globe Award that year for Best Original Song, and the Grammy Award to Best Female Pop Vocal Performance. It spent 6 weeks in the #1 position on the Billboard Hot 100 chart.

Here's our version of this great hit - "Flashdance, What A Feeling." Take it away, \_\_\_\_\_.
