

Thank you.

For our next selection, we'll switch to a Latin beat, a bolero, with a song whose lyrics were originally written in Spanish by Adolfo Utrerea. Jimmy Dorsey made it a major hit, and since that time, it's been recorded by hundreds of artists, including Nat King Cole, Bing Crosby, Connie Francis, Anita O'Day, and many many others.

Here's our version of this Roaring Twenties hit, with \_\_\_\_\_ to sing it for you - "Green Eyes."
