Full moon and empty arms. The moon is  
there for us to share but where are you? A night like  
this could weave a memory, and every  
kiss could start a dream for two.  
Full moon and empty arms. To - night I'll  
use the mag - ic moon to wish up - on. And next full  
moon, if my one wish come true, my empty  
arms will be filled with you.  
arms will be filled with you.
