

Thank you. Thank you very much.

Back in 1961, Walt Disney produced an animated feature called “One Hundred And One Dalmations” about a bunch of very cute dogs. One character in the film was a wealthy, fashion-obsessed heiress who wanted to use the skins of the Dalmatian puppies for a fur coat. Ouch! That’s really cruel.

Her name, appropriately enough, was “Cruella DeVil,” and here’s \_\_\_\_\_ to tell you all about this very wicked lady.
